

**AMENDMENTS TO THE SPECIFICATION:**

Please amend the paragraph beginning on page 19, line 5 as follows:

Different from the screen in Fig. 11, this screen requires input of a [male] mail address in addition to the contact telephone number. Entered contact telephone number and [male] mail address of the advertiser are indicated on respective display sections. After all items are input, an "input completed" switch is clicked to switch the screen to the next one.
